#### Remarks

This modern design features an open concept space for the kitchen, dining area and living room; all overlooking the second story terrace. Love those long sight lines! The laundry is on the 3rd floor, where all 3 bedrooms are; naturally. Quartz on the kitchen counters and center island, plus subway tiles on the backsplash. Under counter reverse ozmosis sytem to reduce plastic bottle waste. This condo is empty, which allowed painters to cover every wall in every room. So that means you can move in as soon as you sign closing docs! Not to mention no nail holes from somebody elses pictures. Start your next chapter just blocks away from shops, restaurants, farmer's market and Brighton festivals. Come see today!
